

Better Conversations

Group Program

A 10 week group program of support for adults with acquired brain injuries who may have difficulty:

- starting and following conversations
- thinking of things to talk about
- conversing with people in a group
- finding words to use

Each 90min group session includes activities and education to help you be more successful during conversation with those around you.

“I talk more since attending the group”
“I keep eye contact more now”

WHEN: Fridays (10 weeks) at 12 - 1:30pm

WHERE: 65 Anzac Highway, Ashford SA
